## CURRENT EDUCATIONAL

In carrying out its teaching and research missions, the Department of Fundamental Education intends to be one of the show cases for the development of education sciences at higher education level in Cameroon.

To best achieve this exciting mission, it intends to reduce the obvious shortage of high-level education specialists in the national university system by encouraging specialists in the humanities and social sciences to enter the field of education.

To do this, it intends to produce specialists in education whose interests focus on the educational issues surrounding the national education system.
